About:

The organization focuses on educating and mentoring children from government schools, orphanages, slums, and village community centers across the country. By empowering these children with education and guidance, the trust aims to provide them with a better future

Activities:

Anganwadi makeovers, Blood donation camps, Skill development programs (Spoken english classes, art classes), Yuva Sunday Circle(10 am to 12 pm)

ACTIVITIES CARRIED OUT IN ORGANIZATION-2

Task-1: Fruit Salad making & Distribution

- Location: Prepared at Yuva Bangalore Trust Office and later distributed at 3 locations
- Date of Completion: 22 March 2025
- Duration: 2 PM to 7 PM

Description:

Upon reaching the NGO's location we were given fruits ; apples, grapes, bananas, pears which we cut up and gave for fruit salad preparation. After the fruit salad was prepared it was packed in metal containers and loaded in cars. We travelled to 3 places for distributing the fruit salad in our vehicles. The first location was a girls government college (Panchajanya Vidyapeetha PU College) where we distributed the food in paper plates. After that we went to 2 orphanages both managed by Bhandavya Sevashrama. One was a girl's orphanage and the other was a boy's orphanage. Here too we distributed the fruit salad after which we assembled for a group photo and later dispersed.

Facilities provided:

Recreational activities , Healthcare services, Nutrition and Dining.

ACTIVITIES CARRIED OUT IN ORGANIZATION-3

Task: Visit to old age-home & interaction with residents

- Organization Name: Sri Mahalakshmi Old Age Home
- Location: Basaveshwara Nagar, Bengaluru
- Date of Completion: 1/04/2025 -10/04/25
- Total Hours: 8 hrs

Description:

We visited an old age home in Basaveshwara Nagar, Bengaluru, as part of Community Service. Our main intention was to spend quality time with the elderly and make them feel loved and remembered. We began by greeting the residents warmly and engaging them in friendly conversations. Many of them were happy to share stories from their past, and we listened with interest and respect. It was heartwarming to see how much they appreciated our presence. We also distributed biscuit packets to everyone and donated rice and clothes to the caretaker. It was a humbling experience that reminded us of the value of human connection and kindness.

CONCLUSIONS

These are some observations I made after having worked on the tasks:

Youth for Parivartan & Yuva Bangalore Trust :

- The hours tend to fly by when we are involved in the task or activity at hand and we don't think of it as just a task or chore to complete. It helps us **build resilience**.
- It's an amazing opportunity to **network with people** from other walks of life be it a techie or a student or an elderly person. It makes us more **social** and help **build connections**.

Mahalakshmi old age home:

- Made me **aware of life struggles** other than my own and helped build an understanding and compassion towards others.
- Made me understand the **value of our own life** and what we may have taken for granted.

THANK YOU
